Project Completed 2011

Project Goals

Provide welcoming, safe spaces to support both residents and staff at a new low income housing development that includes twenty-six residential units and provides supportive services. Utilize practical, durable, environmentally friendly and cost effective products to stay within a tight budget.

Project Scope

Space planning, interior design services, furnishings and art selection for the offices, community room, lobby, computer lab, interview room and outdoor spaces. Art consulting included a collaboration with Richmond photographer Ellen Gailing, to provide images of local landscapes.

Products

National Reno and Swift lounge seating; Sit On It Relay and Freelance seating; Performance casegoods and tables; Eagle One outdoor furnishings.
